

# 6th Grade Summer Enrichment

These activities will help your child to retain some of the main aspects of 6<sup>th</sup> grade

Math—Do the review sections in the back of this year's textbook.

Emphasis should be on

- fractions,
- decimals,
- memorization of their multiplication tables

Spelling and Writing - Work through the extra practice and review pages in your textbooks. Use the Spelling words to write sentences. Remember our model of writing a sentence using the "six ways"

- subject,
- prepositional phrase,
- ly ending words,
- ing ending words,
- clausal
- VSS (very short sentences)

Reading - read at least one chapter book with 120 pages of text. Write a summary of the book.
